Description

One of the key features of the SX76 is the incredible feeling of space. The entire boat flows seamlessly and is the epitome of Italian design and styling, built to an exacting standard with exceptional attention to detail and all with the finest quality products.

The vast and practical swim platform is the vessels playground, perfect for all the water toys and fun in the sun. There is plenty of room for the tender, Jetski, deck chairs, umbrellas and more and features a hydraulic lowering platform and staircase.

An extension of the saloon deck is the seamless aft deck which can be either alfresco dining or lounging around in the cool breezes.

Light fills the spacious open saloon through the vista windows and features beautiful light timber finishes and modern soft furnishings giving a sense of comfortable contemporary luxury.

An exceptional well-equipped galley is centrally located and can be completely open to the forward dining or if needed a privacy screen closes it off. The forward dining is extremely generous, and light filled.

Below deck boasts four beautifully appointed staterooms, all ensuited, all fully climate controlled and with full entertainment systems.

The flybridge helm station and bridge deck is an exceptional space, the helm is equipped with state-of-the-art electronics package, electronic roof, huge drop side electric windows, Wetbar, dining and a sundeck.

Wide walk around teak decks will lead you to the bow sunlounges and sunpads the perfect space for afternoon cocktails.

This sensational 2021 model SanLorenzo SX76 is boasting an extensive inventory of quality options and extras including stabilisers, crew cabin, wing station, tender, Jetski, deck umbrellas, underwater lights, joystick controls, Watermaker and so much more and vessel warranties.

Absolutely turnkey ready for summer. For further details or to arrange a private viewing contact Exclusive Agents Sunseeker East Coast.
