Description

This 2025 Riviera 445 SUV presents a rare opportunity to secure a near-new, fully optioned luxury sports cruiser built to 2D survey for 12 passengers plus 2 crew. Combining Riviera's renowned build quality with a practical and spacious layout, this vessel is ideally suited to both private use and commercial charter operation.

Powered by twin Volvo IPS 600 diesel engines (435HP) with approximately 111 hours, she delivers smooth, efficient performance with joystick controls and Volvo's integrated IPS system, including Skyhook positioning for effortless station holding and precise docking. The IPS platform provides excellent manoeuvrability, fuel efficiency and ease of operation, making it highly appealing for both owner-operators and commercial use.

The 445 SUV is designed for entertaining and versatility, featuring a large open-plan cockpit that seamlessly connects to the saloon. The cockpit is well equipped with built-in BBQ, fridge, generous seating and table, creating the perfect environment for hosting guests or operating day charters. A large swim platform with ladder and stainless rails provides easy water access, while the foredeck sun lounge offers an additional relaxation space.

Inside, the saloon is spacious and comfortable, featuring a large lounge dinette, silhouette blinds, pop-up TV and full air conditioning throughout. The galley is well appointed with Corian benchtops, fridge and freezer drawers, two-burner cooktop and convection oven, supporting both extended cruising and onboard catering.

Accommodation is thoughtfully laid out, with a forward master cabin featuring an island bed and a midship guest cabin offering three berths. Both cabins are air conditioned and serviced by private bathrooms with showers and toilets, providing comfort and privacy for family or charter guests.

With a 9kVA Onan generator, shore power, modern Garmin electronics and a comprehensive onboard systems package, this vessel is fully equipped for extended cruising or commercial operation.

Built to 2D survey, this Riviera 445 SUV offers genuine income potential for owners looking to offset running costs or enter the charter market, while retaining the flexibility for private use.
